It is a timely show that talks about the sensitive subject of school violence. It is a powerful piece that is meant to start a dialogue. The writer hopes that the play will help people see "Tragedy before it happens." There is no charge for tickets. If you would like a ticket you can speak to Mr. McDonald.

Fuel your Brain

We are looking for support from parents to volunteer for our Fuel Your Brain initiative! This initiative has been arranged in partnership with the Henry Wise Wood Student Youth Champions Group and parent council. We are hoping to help students achieve academic success during their exams by raising awareness about health, wellness, and self-care. Our goal is not only to fill bellies before exams, but also to communicate our health message. We know that fueling your brain with a healthy, nutritious breakfast not only helps students to think more clearly and give the body the micronutrients that it needs to optimally function during exams, but is also proven to decrease stress and actively train students to engage in self-care.

Attached you will find the slides that were presented to parent council by our grade 11 Youth Champion group.

Your role as a volunteer would involve handing out free grab-and-go healthy breakfast foods to students from 8am-9am on an exam day. We require 2 volunteers each morning ([June 13, 14, 15, 18, 19, 20, 22, 25, 26, 27, 28](#)). Volunteer opportunities for "Fuel Your Brain Initiative" are now open. Please click on the following web link (or copy it into your web browser if clicking doesn't work) to go to the signup sheet:

Click on the green arrow beside the date(s) you would like to volunteer, and follow the instructions on the page. It only takes a few seconds to do.
